

## TCM Forklift Parts

TCM Forklift Parts - In the international industry of material handling, forklifts play a major role for transporting industrial goods. Primarily innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread globally.

In 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the company is simply referred to as TCM Corporation. Over the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started building forklift manufacturing locations outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures various models of industrial lift trucks with over 50 years of accumulated technology and expertise, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
