

Lull Telehandler Part

Lull Telehandler Part - Telehandlers by Lull have been providing load placement precision ever since nineteen fifty nine. The Lull telehandler could really help make the task faster and easier, whether the job requires transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system supplies eighty inches of boom travel for precision placement capabilities. A wide range of optional attachments is accessible for Lull telehandlers in order to help do any work.
